

## CAOHC Courses for 2012

Council for Accreditation in Occupational Hearing Conservation

This course is designed to train supervisors, nurses, safety directors and administrators involved with a Hearing Conservation Program. Each course is approved by the Council of Accreditation in Occupational Hearing Conservation (CAOHC), and by The American Nurses Credentialing Center's Commission on Accreditation. Certification maintenance points are also available for CIHS/CAIH'S who attend. This course is presented under the direction of Dr. Steven Fournier, Au.D. CPS/A., CCCA., FAAA.

**Some of the topics to be covered**

- § Understanding federal government regulations pertaining to hearing conservation from OSHA, MSHA and the construction industry standards.
- § Your role as an Occupational Hearing Conservationist.
- § Personal hearing protection devices.
- § Employee education, motivation & training.
- § The audiogram & employee follow-up.
- § Recordkeeping.
- § Audiometric techniques & the hearing test environment.
